NHS Fife to take over running of Park Road Medical Practice in Rosyth

We are writing to inform you that NHS Fife will take over the management of Park Road Medical Practice from 01 April 2023 after the practice partners gave notice of their intention to terminate their General Medical Services contract.

Park Road Medical Practice has patient list of around 6,200 people. With the support of the Fife Health and Social Care Partnership, work has already begun on developing contingency plans to ensure that all patients registered at the practice will continue to have access to local medical services until such times as new GP contractors are appointed.

It is planned that the remaining members of the well-established practice staff at Park Road, which includes GPs and other members of the multidisciplinary team currently working within the practice, will remain and provide continuity for patients.

We appreciate the changes will be concerning for those registered at Park Road. **Please be assured that all patients will continue to have uninterrupted access to local medical services.**

We are committed to ensuring that both patients, and yourselves as their elected representatives, are kept informed of any developments and we will provide further detail about any interim arrangements beyond 01 April 2023 in due course.

Dr Christopher McKenna
Medical Director, NHS Fife

Mrs Nicky Connor
Director of the Fife Health and Social Care
Partnership
